## History of the Edmonton Association of Small Animal Veterinarians:

Founded in 1971, EASAV is a non-profit, volunteer-run, veterinary organization whose mandate is to facilitate collegiality within the local veterinary community and to promote and organize local continuing education for veterinarians and their co-workers.

Our membership is comprised of **veterinarians** from Edmonton and the surrounding area. We believe that strong relationships in the veterinary community help us all to achieve personal and professional success in our careers as veterinarians.

One of the features of EASAV is a website which facilitates registrations, event payments and the sharing of information to its veterinary members, clinic employees and members of the public. Our website includes an EASAV veterinary member, clinic and service directory to help the public better find their preferred veterinarians and the services they are looking for. All **members** have access to list their clinics, vets and RVT members on staff, and services offered.

Please check us out at [www.edmontonvetinfo.com](http://www.edmontonvetinfo.com).

In addition, we list our CE calendar! Everyone can sign up to use our website and register or pay for CE (i.e.: RVTs, receptionists, etc.). Once signed up, you can also sign-up and pay for other existing website users to attend our local CE seminars.

***If you require more than one membership renewal form, please photocopy the attached form as needed.***

EASAV makes the whole veterinary community stronger by fostering collegiality among veterinarians and providing a medium for better communication between us. This is more important than ever in our rapidly growing city!
